

Clear Ice Maker - IMT300F

IMT300F

DESCRIPTION

Introducing the first-of-its-kind clear ice machine, designed to create large, crystal-clear ice blocks in a variety of standard shapes. This innovative machine provides businesses with a convenient and cost-effective solution for producing premium-quality clear ice, making it the ideal choice for those who demand excellence.

Collins Spear

Cube

Diamond

Sphere

FEATURES

CRYSTAL CLEAR ICE
Using directional freezing, our clear ice makers create the clearest ice.

SEVEN SHAPES TO CHOOSE FROM
Short Collins Spear, Long Collins Spear, Small Cube, Large Cube, Diamond, Small Sphere and Large Sphere.

INCLUDES 2 SETS OF MOLDS

STYLISH STAINLESS STEEL
With good looks and easy-to-clean stainless steel, the IMT300F will look good in your kitchen or bar while it creates your ice.

NO MESS
Auto-defrosting and self-evaporating.
